

I.I.M.U.N.'S

HYDERABAD LEADERSHIP TOUR

The Hyderabad Leadership Tour immersed participants in the heart of India's scientific and technological innovation. During the tour, they engaged with leaders and experts from institutions such as DRDO, Birla Planetarium, IIT Hyderabad, Dr. Reddy's Laboratories, T-Hub, IICT Hyderabad, Heartfulness, Microsoft, The New Indian Express, The Garage, and MCEME under Lt. Gen. Neeraj Varshney. From witnessing breakthroughs in defence research at DRDO and scientific innovation at IICT to exploring startup acceleration at T-Hub and digital transformation at Microsoft, each interaction revealed the forces shaping modern India. The experience also balanced technology with mindfulness through Heartfulness and highlighted ethical communication at The New Indian Express. Seamlessly connecting academic concepts with real-world industry insights, the tour broadened perspectives and equipped participants with a deeper understanding of leadership, innovation, and the evolving landscape of today's dynamic world.

DR. ANUJ VARSHNEY

DIRECTOR AT DRDO

A deep dive into defence innovation showcased how advanced research is fortifying India's technological strength.

DR. K. MRUTHYUNJAYA REDDY

DIRECTOR AT BIRLA PLANETARIUM

An immersive journey through space and astronomy sparked curiosity about the universe and scientific exploration.

KHWAJA MOINUDDIN

GLOBAL OUTREACH HEAD AT IIT HYDERABAD

The visit highlighted pioneering research and cutting-edge ideas shaping the next generation of engineers and innovators.

M. V. RAMANA

CEO OF BRANDED MARKETS AT DR. REDDY'S LABORATORIES LTD

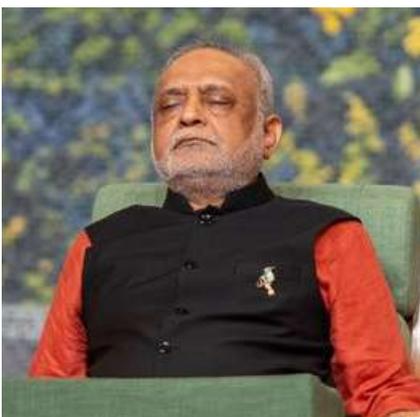

An inside look at pharmaceutical excellence revealed how science and precision drive global healthcare breakthroughs.

CHAITANYA

AT T-HUB

The vibrant startup ecosystem demonstrated how bold ideas scale into impactful ventures with the right support.

KAMLESH D. PATEL

SPIRITUAL LEADER, WRITER AND GLOBAL GUIDE AT HEARTFULNESS

A reflective experience emphasized how meditation and inner balance enhance clarity, resilience, and leadership.

SAINA NEHWAL

OLYMPICS CHAMPION - BADMINTON

Interaction with the iconic athlete inspired powerful lessons on discipline, determination, and sporting excellence.

LT. GEN. NEERAJ VARSHNEY

COMMANDANT OF MCEME

Insights into military engineering showcased how strategy, precision, and leadership shape India's defence capabilities.

MANJU LATHA KALANIDHI

EDITOR AT THE NEW INDIA EXPRESS

A closer look at newsroom operations highlighted how credible journalism informs society and strengthens democracy

IICT HYDERABAD

Exposure to cutting-edge chemical research demonstrated how scientific innovation drives industrial and societal progress.

THE GARAGE

Hands-on creativity and rapid prototyping showcased how ideas transform into functional engineering solutions.

MICROSOFT

The experience revealed how AI, cloud technology, and digital innovation are redefining the future of work and productivity.
